INTRODUCTION

In two previous 1961 Census reports the population of Canada was shown by birthplace (see Bulletin 1.2-7) and citizenship (see Bulletin 1.2-8). The tables of this report provide further information on each of these subjects by showing an additional classification by age groups and sex.

Table 89 shows birthplace (specific province of birth for the native-born and country of birth for the foreign-born) by five-year age groups and sex for Canada. For purposes of this report, condensed classifications of both birthplace and age are shown in Tables 90 to 92 for provinces, cities and towns of 30,000 and over, and census metropolitan areas. Similarly, Tables 93 and 94 show classifications of citizenship by condensed age groups for Canada and the provinces.

The birthplace inquiry in the census classifies the native-born population by province of birth and the foreign-born by the country of birth as it was constituted at June 1, 1961. The citizenship inquiry refers to the country to which the person owes allegiance and has citizenship rights. The age classifications are based on a definition which specifies completed years of age at last birthday prior to June 1, 1961.

Deux rapports antérieurs du recensement de 1961 donnaient la population du Canada suivant le lieu de naissance (Bulletin 1.2-7) et la citoyenneté (Bulletin 1.2-8). Les tableaux du présent rapport apportent, dans un classement supplémentaire par groupe d'âge et par sexe, d'autres renseignements sous ces deux rubriques.

Le tableau 89 donne le lieu de naissance (la province dans le cas des nés au Canada et le pays dans celui des nés à l'étranger) par groupe d'âge quinquennal et sexe pour le Canada. Pour les besoins du présent rapport, des classements condensés suivant le lieu de naissance et l'âge sont donnés aux tableaux 90 à 92 pour les provinces, les cités et les villes de 30,000 habitants et plus, et les zones métropolitaines de recensement. De même, les tableaux 93 et 94 donnent des classements de la citoyenneté par groupes condensés d'âge, pour le Canada et les provinces.

La question relative au lieu de naissance, au recensement, classe la population de naissance canadienne par province de naissance et la population de naissance étrangère par le pays de naissance, tel qu'il était constitué le 1er juin 1961. La question relative à la citoyenneté vise le pays auquel la personne doit allégeance et dans lequel elle jouit des droits du citoyen. Les classements par âge se fondent sur une définition établissant l'âge en années révolues au dernier anniversaire antérieur au 1er juin 1961.
